DEMOCRACY'S CLARION CALL TO ALL PATRIOTIC SONS OF AMERICA

EMPHATIC REPUDIATION OF ANY ALLIANCES OR EFFORTS OF THE HYPHENATES TO CONTROL OF INFLUENCE THE COURSE OF THIS GOVERNMENT IN ITS FOREIGN RELATIONS.

"This is an issue of patriotism. To taint it with partisanship would be to defile it. In this day of test, America must show itself, not a nation of partisans, but a nation of patriots. There is gathered here in America the best of the blood, the industry and the genius of the whole world, the element of a great race and a magnificent society to be melted into a mighty and splendid nation.

"Whoever, actuated by the purpose to promote the interest of a foreign power in disregard of our own country's welfare or to injure this government in its foreign relations or cripple or destroy its industries at home, and whoever by arousing prejudices of a racial, religious or other nature creates discord and strife among our people so as to obstruct the wholesome process of unification, is faithless to the trust which the privileges of citizenship repose in him, and disloyal to his country.

"We, therefore, condemn as subversive of this nation's unity and integrity, and as destructive of its welfare, the activities and designs of every group or organization, political or otherwise, that has for its object the advancement of the interest of a foreign power, whether such object is promoted by intimidating the government, a political party, or representatives of the people, or which is calculated and tends to divide our people into antagonistic groups and thus to destroy that complete agreement and solidarity of the people and that unity of sentiment and national purpose so essential to the perpetuity of the nation and its free Institutions.

"We condemn all alliances and combinations of individuals in this country of whatever nationality or descent, who agree and conspire together for the purpose of embarrassing or weakening our government or of improperly influencing or coercing our public representatives in dealing or negotiating with any foreign power. We charge that such conspiracies among a limited number exist, and have been instigated for the purpose of advancing the interests of foreign countries to the prejudice and detriment of our own country. We condemn any political party which in view of the activity of such conspirators surrenders its integrity or medifies its policy."
